

ANNOUNCEMENT

Asian Hyperbaric & Diving Medical Association

Vth Annual Meeting: Goa, India

25th to 27th September 2009

Goa, a tiny emerald land on the west coast of India, the 25th State in the Union of States of India, was liberated from Portuguese rule in 1961.

Also known as "Pearl of the Orient", the state of Goa is located on the western coast of India in the coastal belt known as Konkan.

The magnificent scenic beauty and the architectural splendours of its temples, churches and old houses have made Goa a firm favourite with travellers around the world.

But then, Goa is much more than just beaches and sea. It has a soul which goes deep into unique history, rich culture and some of the prettiest natural scenery that India has to offer.

Conference Registration form enclosed : Only USD 75 for early registration

Venue

The Bogmallo Beach Resort (www.bogmallobeachresort.com)

Rooms: From Rs 9000/- (< USD 200) for the duration of conference (details below)

Guest Speaker

Dr Simon Mitchell

University of Auckland

Dr Simon Mitchell is a diving and hyperbaric physician with a 30-year history of involvement in sport, scientific, commercial, recreational, military and technical diving. He is widely published in the diving medical literature and is a previous vice president of the Undersea and Hyperbaric Medical Society.

Warm Welcome to India

Dear Friends,

On behalf of the Asian Hyperbaric and Diving Medicine Association (AHDMA) and the Organising Committee it gives me great pleasure to welcome you to the Fifth Annual meeting in Goa India.

Over the past few years the AHDMA has matured to be a vibrant society with incremental increase in scientific content and professional interactions.

Our **guest speaker** this year is **Dr Simon J Mitchell** (University of Auckland New Zealand) who is a technical diver with a 30-year history of involvement in sport, scientific, commercial, recreational, military and technical diving.

The **key note address** will be delivered by **Dr Jayesh Shah** (Wound Care & Hyperbaric Centre Southwest Hospital San Antonio, Texas) an international speaker on Wound Management and Hyperbaric Medicine and co founder hyperbaric society of India

Goa needs no introductions with its lovely beaches and old churches. Well connected from all parts of the world , Goa in September is pleasant and the monsoon rain is just going away. We hope for sunshine but even the rain can be enjoyable from the conference venue where every room overlooks the sea and even a rainy day could be enjoyable from the balcony.

We welcome participants from all over the world especially new members from Asian region and request you to contribute submissions for presentations, posters or any other media.

We have been able to negotiate good rates in a great hotel and we hope that will help attract participants. There is opportunity for recreational diving for those who would like to do so if the weather permits.

At this opportunity I would also like to acknowledge the efforts of **Dr Lee CT** of the AHDMA Working Committee and other members who have made the past meetings a success.

We would also like to place on record the initiatives of **Hyperbaric Health Australia** for being the sole sponsors for the past meetings and events and for their unending support to hyperbaric in Asia. We hope more sponsors will come forward during this conference and contribute to the growth of this field in Asia.

AHDMA for the first time is working with a local society to organise their annual meeting. We hope this model is successful and encourages other regional societies to come forward and integrate with the AHDMA.

We look forward to some hard work intermingled with entertaining social events, business relations, professional advancement and most of all, an enriching and satisfying symposium with academic fulfilment and happy memories.

See you soon in Goa

Dr Tarun Sahni

Organising Chairman

Asian Hyperbaric & Diving Medical Association

Vth Annual Meeting: Goa, India

25th to 27th September 2009

ABSTRACT FORM

Last date for submission 30 July 2009

Title of the paper

--

Details of principal author

Full Name and Title	
Name of Institution with Complete address	
Contact details	<ul style="list-style-type: none">• Phone• Fax• Mobile• Web site
